I. Enrichment

- a. The challenge facing the Site Council this meeting was to decide if it was possible to go ahead with the first enrichment activity as planned for October 20.
- b. The major impediment is getting students signed up to choose their activities because of the extremely tight schedule this week. It is not going to be possible to do sign-ups during regular classes which only leaves PRIDE, lunch and non-classroom time. October 13 is a PRIDE Assembly, October 14 is an early release (and about 80 students taking the PSAT that day from 8:00 to 11:45), and there is no school October 16 because of parent-teacher conferences.
- c. After some discussion, it was determined that it would be virtually impossible at this point to get sign-ups done in an orderly and effective manner. Ms. Moss made a motion to postpone this enrichment activity until a future date can be determined, Mr. Whalen seconded. All were in favor.
- d. Possible dates for future enrichment activities will be on the agenda for next month's site council meeting.

II. Accreditation

- a. At next month's site council meeting, another agenda item will be for members to discuss site council's role in the upcoming accreditation process. It was previously noted that Site Council could help gather input from Staff, parents, students and community members. A survey was handed out at the parent-teacher conference for parents to complete.

III. Mrs. Brown motioned to adjourn, Mr. Johnson seconded, all voted in favor.
